

## FLASH SHEET REFERENCE

Please refer to Flash Sheet 2026F17 for additional details about NS8000 firmware version 4.1. Flash Sheet 2026F17 is available on the [Johnson Controls Knowledge Exchange](#).

The Flash Sheet provides the following information:

- The sensor models to which the firmware version is applicable.
- The issues resolved by the firmware version.
- The new features included in the firmware version.
- Installation instructions for the applicable sensors.
